Profile

Motivated and ambitious web developer with a Bachelor of Science degree with Computer Science as a main subject. Completed a comprehensive web development course with a focus on HTML, CSS, JavaScript, React, Node.js, Express.js, MySQL, PostgreSQL, web APIs, Git, GitHub, and project deployment. Passionate about creating intuitive and visually appealing web applications. Eager to leverage my strong theoretical foundation and practical skills to contribute to dynamic development projects. Committed to continuous learning and staying abreast of emerging technologies in the field.

Education

Bachelor of Science, University of Ruhuna, Matara, Sri Lanka

A comprehensive and rigorous program that provided in-depth knowledge on the mathematics and field of computer science. The curriculum encompassed a broad range of subjects, including algorithms, data structures, software development, database management, web technologies, statistics. The program's emphasis on problem-solving and critical thinking skills has equipped me with a strong foundation to excel in the web development industry.

The Complete Web Developer: Zero to Mastery, Udemy

I completed the "Complete Web Developer" course, a comprehensive program that provided me with a well-rounded understanding of web development. Throughout the course, I gained hands-on experience and practical knowledge in various aspects of web development, including HTML, CSS, JavaScript, React, NPM packages, Node.js, Express.js, PostgreSQL, web APIs, Git, GitHub, and web project deployment. The course focused on building real-world projects, covering both frontend and backend development, as well as database management. Through this immersive learning experience, I developed proficiency in creating responsive and visually appealing web applications, implementing client-server interactions, and ensuring seamless project deployment. By successfully completing this course, I acquired practical skills and a solid foundation in web development, enabling me to tackle complex challenges and contribute effectively to web development projects.

School education completed and attending to Ananda Shasthralaya, Matugama

GCE Advace Level Examination passed in 2010 having credit passes for the subject of combined maths, physics and chemistry and GCE Ordinary Level examination passes in 2005.
